### DANVILLE'S REQUEST

High School of Eastern Illinois Town Wants Return Football Game Cancelled so as to Strengthen Championship Claim.

Somewhat of a surprise was occasioned at the High school when it became known that Principal Rogers had received a telegram from the authorities at Danville, asking if Jacksonville would not consent to cancel the second game between the two schools in order that they (Danville) might strengthen their claim for the state championship. A message was sent at once to the Danville management stating that under no circumstances would the game be cancelled.

The facts of the case are that Jacksonville is seeking the same thing in football as Danville—the state championship—and from the way things look now has a pretty good chance to turn the trick, as they have won all their games this season, except the one with Danville, and that was played with a green bunch of men, compared to the team Coach Buland has now assembled. It was with some reluctance that Coach Buland arranged a game for Oct. 7 with Danville and it was then, with the understanding that a return game be played November 25, Coach Buland when asked about the matter last night said:

#### Buland Makes Statement.

"When we started out to make our schedule this year, we offered Danville a game, and they would not accept unless we would play two. Jacksonville management was first adverse to doing this, but Danville stood firm and obstinately refused to play unless two games were scheduled, and that Jacksonville should go to Danville on Oct. 7. Jacksonville consented to the early game, as the second was to be played Nov. 25. Jacksonville, with a green team, with only two of last year's team in the line-up met and played. Danville's veteran team (which had a strong claim to the state championship last year and were as equally strong this year) to a standstill. Jacksonville would never have accepted to play them at such an early date without the second game to be played later in the season. Danville would not sign a contract unless for two games and I see no reason why they should side-step. We went out of the way with a green team, consuming two days time, during state fair week to play them a game and although defeated in this game by a good score, Jacksonville played in Danville's territory 10 of the 60 minutes of the time.

"Danville knows what method they used to secure the three touchdowns they secured during the first five minutes of play. They also know that Jacksonville, starting on their own 15-yard line, marched the ball straight down the field and over for a touchdown. They know that after the first five minutes of play Danville had a struggle to ward off defeat. This was accomplished by a green team, nine of them playing their first year on the team. Jacksonville is a different team to day; they now have the experience, having won the best teams of Central Illinois, without a single defeat registered against them. It looks to the J. H. S. as though the Danville men are quitters and if they cancelled the game they would have no better claim for the state championship than Jacksonville. It is hoped that Danville's decision to cancel the game is a hasty one and that they are better sportsmen than appearances go to show. If Danville can beat the Jacksonville team at the clip they are going Jacksonville will be the first to congratulate them, as will also every other team in this part of the state, as Jacksonville is considered to have the strongest team in Central and Southern Illinois."

### GAVE FINE PROGRAM

Clyde Poulter Delighted Large Audience at Grace M. E. Church Monday Evening.

Clyde Poulter, the entertainer, appeared at Grace M. E. church Monday evening under the auspices of the Ladies' Aid society of the church. A person would really have to see "That Little Man" to appreciate his true greatness. It surely is not measured by height for he stands only three feet, nor by his strength, for that is greatly limited. His greatness consists in his fine character and the wonderful opportunities he has made of improving his one talent, that of a capital entertainer. Although greatly handicapped by nature this little man set about to get an education and graduated from the Shelbyville high school. Later he took up the study of elocution and for the past three or four years has been in that kind of work. It seemed almost impossible that Mr. Poulter could hold his audience as he did last night, and in his selections full of pathos and those of humorous character he displayed his ability as an impersonator, so that the audience forgot who was saying or doing it all. By request he gave "The Jiner," a funny story that had the audience in an uproar.

Part of the program of the evening consisted of a fine violin selection given by Miss Carrie Dunlap, with Mr. Kitch as accompanist; a vocal solo, "In Autumn," Robert Franz, by Miss Gertrude Fernandes, and "Du Bist Die Ruh?" Schubert-Liszt, and "Prelude," Rachmaninoff, by Miss Mary Ebert, both young ladies being students at the Woman's college.

## Make Claims for Cypress

The great Southern producers of cypress have called it "the wood eternal." They maintain that cypress is the proper wood for greenhouse construction, because through the years it can stand the heat from within and the cold from without. We carry cypress and there is no doubt but that it is a good wood. But cypress is only one of the many kinds of lumber in this well stocked yard, and if you have pine or oak needs, be sure to tell us about them. In fact, just name the kind of lumber you want and we'll furnish it.

### AN OLD REMEDY FOR BLOOD POISON

For more than forty years S.S.S. has been curing Contagious Blood Poison in all its forms and stages, and is today, as it has always been, the safest as well as most reliable remedy for this disease. One reason why S.S.S. is so successful in curing Blood Poison is that it strengthens and builds up the stomach and digestive members while eradicating the poison from the blood. The greatest of all reasons however is because this medicine possesses just the proper ingredients, blended and compounded in such scientific proportion, as to make it the most perfect blood purifier ever placed upon the market. S.S.S. is made entirely of roots, herbs and barks, and in addition to its value as a remedy, is the one blood medicine which may be used without any bad effect, no matter how delicate the system. Not a particle of strong mineral or other harmful drug enters into its composition, and you can take it assured that it will cure you and at the same time build up your system. S.S.S. cures permanently and perfectly, removing every symptom of the trouble by nature's true way—removing the inward cause. S.S.S. is sold at drug stores. Home Treatment book free to all.

One of the contests implied the writing of an original poem and in this Miss Lora Petelish was awarded the honors. An excellent informal program was also given consisting of an instrumental music by Misses May Martin, Georgia Litter, Katherine Petelish, Annabelle Crum and Edith Hitchens; vocal numbers by Misses Wilma and Alta Crum and readings by Misses Lora Petelish and Lillian Bateman. The program also included a spirited debate on the subject, "Resolved, that women should be given the right of the ballot." The affirmative was upheld by Mrs. D. O. Gordon, Mrs. Earl Underbrink and Miss Lora Petelish, while the negative was defended by W. H. Crum, Elmer Henderson and Orville Crum. The ladies won. During the hours substantial refreshments were served.

Off and on for a year or more, I suffered from a dull, heavy ache through the small of my back. I had pains in my head and was subject to dizzy spells, during which black spots appeared before my eyes. Too frequent passages of the kidney secretions also annoyed me. Hearing Doan's Kidney Pills highly spoken of, I got a box and began their use as directed. All symptoms of kidney trouble soon disappeared and I have had no cause for complaint since."

## THIS HAPPENED IN JACKSONVILLE

Man Is Registered at Local Hotel  
Ready to Invest \$60,000 in Farm  
Because This Is Saloonless City.

Here's a real argument for a dry town. A gentleman came to Jacksonville yesterday from Morris, Ill., and is now registered at one of the local hotels. He came with instructions from his brother-in-law to find a farm somewhere near this city where the aforesaid brother-in-law can establish a home and raise fine stock. He came with authority to spend if necessary \$60,000 for such a farm and he came to Jacksonville because it is a dry town and a school town. Yesterday he was taken out in an automobile and shown several farm properties and he is now here awaiting the arrival of his brother-in-law for a joint inspection of the properties. Without any thought of the statements having any bearing on the local situation the visitor said yesterday several times that he had instructions to visit Jacksonville and Champaign in his quest for a farm and that these cities had been selected because they are without saloons. This incident furnishes a local argument worth considering, merely from a business point of view.

### AT THE GRAND.

Those who failed to see "The Commercial Traveler," that well known piece by B. Parker, at the Grand opera house Monday night, missed a rare treat. It was not greeted by a large audience, many thinking that perhaps it would not come up to the standard of the "Traveling Salesman," which appeared here some time ago. In this respect, however, the audience were led astray for the company last night put on a performance that seemed to be in a class by itself and those who witnessed it were certainly satisfied.

## **BOARD OF EDUCATION**

**Members Again Fail to Decide on Assistant Janitor at High School—Routine Business Transacted.**

The board of education at its regular meeting Monday night again took up the appointment of an assistant janitor at the high school but the deadlock remained the same as before and no agreement was reached. After fourteen ballots had been cast Member Rogerson, with a second by Member Bavinaton, moved to adjourn. It required the vote of the president to decide the question and he favored adjournment. Prof. Cook, teacher in English in the high school, was given an advance of \$10 a month in salary, and all other business transacted was of a routine order.

### **The Proceedings.**

The board was called to order at 8:15 by President Davis, with all members present. Following the reading of the minutes, the clerk read several communications, including applications for the position of assistant janitor of the high school from E. C. Moses, John H. Crum and J. R. Tapscott, and a letter from President Edmund J. James of the state university relative to the conference of high school instructors, which is to be held in Urbana, Nov. 23, 24 and 25. A proposition was also received from the Hammond Typewriter company with regard to the placing of some machines in the high school. The communications were received and placed on file.

All properly approved claims were ordered paid and by motion the claim of Newton Angel for \$60 as assistant janitor was allowed. Members Rogerson and Bavinaton voting "yes" and the president deciding.

The report of Treasurer F. E. Farrell showed a balance of \$631.68 in the general fund and \$591.69 in the building and repair fund. Superintendent Furr's report was as follows:

Enrollment—High school, 358; eighth grade, 134; Jefferson, 357; Lafayette, 370; Franklin, 264; Morton, 100; Washington, 278; total 1967.

Average daily attendance—High school, 312.2; eighth grade, 127.2; Jefferson, 334.8; Lafayette, 344.3; Franklin, 250.7; Morton, 95.8; Washington, 256.5; total, 185.

Perfect attendance—High school, 195; eighth grade, 88; Jefferson, 183; Lafayette, 203; Franklin, 185; Morton, 62; Washington, 226; total, 1144.

Supt. Furr had several things which he presented to the board. He called attention to the meeting of High school teachers in Urbana, November 22-25 and said that several of the teachers here wished to attend. It was the opinion of the board that any teacher wishing to attend should be allowed the day. Mr. Furr stated, however, that he did not think it would be necessary to dismiss school on this account. The members of the board were invited to attend the monthly teachers' meeting next Friday afternoon, when Mr. Furr will deliver a special address to the teachers. The superintendent told the board that he would discuss at that time certain school conditions, which he felt would be of interest to them and hoped that they might be present. Mr. Furr also recommended that the salary of Prof. Cook be raised from \$90 a month to \$100 on account of the heavy work that he is being compelled to do and also in recognition of his splendid service. The board felt that under the circumstances the instructor was entitled to more pay and so voted. Several cases of tuition pupils were brought up, the questions concerning whether or not certain ones should be allowed the same privileges as resident students. The Thanksgiving recess in the public schools will include Thursday and Friday, Nov. 30 and Dec. 1.

The last thing taken up at the meeting was the appointment of an assistant janitor for the high school. On the first ballot the vote stood as follows: Bader for J. W. Kettle; Bavinaton and Rogerson for Newton Angel and Clamdit for William Stice. Fourteen ballots were taken and the result stood the same each time with the exception of Member Bader's vote, which changed, on different ballots, favoring Capt. Kettle, John Crum, J. R. Tapscott and E. C. Moses.

As it became apparent that no decision would be reached, Member Rogerson moved to adjourn, with a second by Member Bavinaton. The other members of the board on the vote opposed adjournment, but the president voted affirmatively and the meeting closed at 10:15.

A special meeting will be called soon to consider the finances of the board.

Invitations have been issued to the marriage of Mr. Paul P. Thompson of this city and Miss Illieo McCutcheon of Laporte City, Iowa, the wedding to take place Wednesday evening, November 22, at the home of the bride in Laporte City. Although the engagement was announced several weeks ago at a function given in the bride's home city, the plans were not made known here except to immediate relatives, and the announcement will come as a surprise to the many friends of the young people in Jacksonville.

Miss McCutcheon graduated from the Illinois Woman's college in the class of 1910. She is a young lady of charming personality and it may be said without any equivocation that she was one of the most popular students in the local college, being honored in her senior year as queen of the May day. Miss McCutcheon is a member of Phi Nu society. She took special training in the art of speaking and is an eloquent and marked ability. She is a daughter of Mr. and Mrs. J. H. McCutcheon of Laporte City, Iowa.

Mr. Thompson has a wide acquaintance in this county, being an only son of Judge and Mrs. Owen P. Thompson. He attended Illinois college and DePauw university at Greencastle, Ind., and later the Illinois Wesleyan Law School at Bloomington and the University of Washington at Seattle, Wash., graduating in the law department of the last named institution. He is a member of Phi Delta Theta fraternity. Mr. Thompson was recently admitted to the bar in this state and is beginning his legal career in this city.

Both young people are held in the highest esteem by many friends, who will unite in extending congratulations.

## SPOKE IN CHURCHES

Laymen Discussed Local Option Issues Sunday Night From the Pulpit—Prof. A. M. Thatcher Sang.

Platform meetings were held Sunday evening in most of the churches of the city, at which time short addresses were made by laymen upon the issues of the local option campaign. Each service was under the supervision of the pastor and large audiences heard the laymen present their reasons as to why saloons should not remain in Jacksonville.

At St. Paul's church the speakers were J. A. Danskin, T. M. Tomlinson, E. Crabtree. Special musical numbers were given by J. Hart and his choir. Dr. J. A. Danskin and W. J. Brady spoke at North street, while at Westminster a large number were made by Mrs. J. A. Parsons, George Smith, W. J. Brady, Supt. W. A. Furr, Pres. C. H. Rammkamp, J. A. Munson and J. W. Walker. A good audience heard the following speakers at Central Christian church: W. A. Evans, J. R. Watt, Capt. Kettle, J. H. Danskin and the Rev. R. L. Thrapp. At Brooklyn church Mrs. Robinson gave a temperance reading, Postmaster J. J. Reeve delivered an address, and the pastor, Rev. H. S. Aikire, recited the "Mary, Mother," the hymn "Following Boy," by Mrs. J. A. Danskin.

Prof. A. M. Thatcher spent a busy day. He was heard in his rousing temperance songs in seven different churches of the city.

George Debingler led in prayer and again the audience had the pleasure of listening to Mr. Gulun. The campaign closed last night with an address by Rev. Mr. Halley, editor of the Barry Record, who was formerly a minister in the M. E. church.

## COUNCIL IN SESSION

Water Collections Largest in History of Department—Members of Library Board Named—City Treasurer to be Special Collector.

The regular meeting of the city council was held Monday morning, Mayor Davis presiding. The roll call showed all members present except Mr. Brown, who is out of the city. Mr. Pyatt read the minutes which were approved and claims were passed upon.

The report of W. H. Cobb, water superintendent, showed the month's collection to have been \$2,781.80, the largest in the history of the department. This report was approved and on motion of Mr. Knollenberg a vote of thanks was extended to the water department.

Mayor Davis nominated Paul Alexander and C. S. Sanders for members of the library board, succeeding F. E. Farrell and W. E. Veitch, whose terms have expired. These nominations were confirmed.

Mr. Newman mentioned that J. P. Doan, as superintendent for the Jacksonville Railway and Light company, had been arrested for causing a pavement to be opened without getting authority from the city. He said that after investigation he had found that it was really an emergency case, a bad leak having been found in a gas pipe near the new building of the Avers National bank. Mr. Newman said he had accordingly dismissed the proceedings before any costs had accrued. Mr. Newman said further that as he understood it, the owners of the building would be compelled to put the pavement into good condition when the building work was done and he thought it very unwise to do anything that would at all interfere with the work and suggested that in other cities the authorities would close streets up if necessary where a building of such size was being erected.

Mayor Davis and Mr. Knollenberg were of the opinion that the light company should be treated fairly about opening the streets but thought it was an easy thing to get permission by telephone even in emergency cases and that it should be done. Mayor Davis said that he did not want to hinder building operations in any way but the rights of the public should be guarded and the rights of men engaged in business near the bank building.

The ordinance defining the duties of the city attorney was read and on motion of Mr. Engel, with a second by Mr. Knollenberg, was adopted. Then the ordinance fixing the duties of the city treasurer was read and adopted on motion of Mr. Engel, with a second by Mr. Knollenberg. The principal change made is that the city treasurer is now collector of special assessments. The council then adjourned. Reports presented were as follows:

Dr. A. M. King, health warden, reported: Total deaths, 40; by wards, first, 13; second, 2; third, 5; fourth, 20. Deaths from diphtheria, 1.

The report of G. P. Davis, chief of police, reported: Number of arrests, 38; males, 23; females, 5; total amount collected, \$245.85.

The report of W. H. Cobb showed the following: amount collected, \$2,781.80; water rent, \$2,781.80; meters sold, \$70; taps sold, \$9. This was the largest collection in the history of the water department.

R. L. Pyatt, clerk of Jacksonville cemetery, reported collections of \$131.50; for Diamond Grove cemetery, collections, \$126.75.

R. L. Pyatt, city clerk, reported total collections, \$678.98, of this sum \$597.48 being for poll tax.

Howard Wannamaker, sexton of

Jacksonville cemetery, reported six burials for the month.

Frank J. Relek, sexton of Diamond Grove cemetery, reported ten burials for the month.

The report of J. M. Coons, justice of the peace, showed fines collected \$148.60; city costs, \$39.55; J. P. costs, \$57.70; total, \$245.85.

The report of F. E. Farrell, treasurer, showed a balance in the general fund, \$1,586.81.

Braxton Davenport, oil inspector, reported the inspection of six cars of the oil and eight cars of gasoline for the Standard Oil Co.; for T. D. Wilson Oil Co., three cars oil and eight cars gasoline.

## A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that band-aids do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became blind in six weeks' time.

It must be apparent to any person therefore that the only prevention of blindness is the destruction of the germs which are successfully accomplished in one hundred per cent. of cases by the application of Newb's Herpicide. ## POLITICAL COMPLICATIONS.

Hurburgh For Governor.

Chicago Tribune:—Charles E. Hurburgh of Galesburg, state senator, will announce himself this week as a candidate for governor of Illinois before the Republican primaries. The announcement is taken as a determination upon Senator Hurburgh's part that he will await no longer a formal announcement from Governor Deneen as to the governor's political intentions, with respect to the coming direct primaries.

The straightaway declaration that Senator Hurburgh will enter the governorship race rather than contend for the seat of United States Senator Shelby M. Cullom, further complicates the Republican political situation in Illinois. Pending an authoritative announcement from Mr. Hurburgh and a flat statement from Governor Deneen as to what his intentions may be the Republican eggs in Illinois may still be classed as unscrumbled.

## Magill's Race Factor.

The report is that Senator Hurburgh pretends to go after the governorship rather than to fight Senator Cullom for his toga, particularly now since State Senator Hugh S. Magill of Princeton has formally announced his candidacy for the United States senatorship.

As duly authorized leader of the Republican majority in the state senate for the two recent sessions, Senator Hurburgh has been held responsible for measures passed by the senate, of which a small percentage has gone through the house.

On the senate record, as the political situation is diagnosed at Springfield, twenty-six senators agreed to make a progressive campaign within the Republican party in Illinois.

Since the time when the twenty-six signed an agreement to stand together, according to facts known to active politicians of the state, Senator Walter Clyde Jones has announced his candidacy for the governorship and has conducted a long speaking campaign through the state. Last week Senator Magill, one of the progressive senate leaders, became an avowed candidate for the United States senatorship.

The forthcoming announcement for governorship from Senator Hurburgh is quickly explained in political circles in Chicago, and the explanation is backed up by information from the state capital. Senator Hurburgh is at the point where he awaits no further word from Gov. Deneen. He is prepared to enter the governorship race, one the proposition that one of the senate progressives should make the state campaign for governor, and that Senator Jones in his campaign thus far has not developed sufficient strength to warrant his unchallenged candidacy.

## Not Sisters

New and aged you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her best and fairest. Why isn't it so?

The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription."

Any sick woman may consult Dr. Pierce by letter, free. Every letter is held in strictest confidence, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Free, Buffalo, N. Y.

## YOUNG HERO IS SERIOUSLY HURT.

Stops Runaway Horse and is Trampled Upon.

Virginia, Ill., Nov. 6.—Virgil Knowles, aged 18 years, is badly injured as the result of a plucky attempt to stop a runaway horse in this city. As Mrs. Samuel Montgomery and little son were driving out of town, a wheel fell off the buggy, and the horse took fright. Young Knowles saw the accident and went promptly to the rescue. Though of slight build, he held the frightened horse until the lady and child had alighted, when the maddened animal turned on him, trampling him into insensibility, and finally, rearing back, broke its own neck and fell dead.

The young man, who is a brother of Evangelist H. H. Knowles of Springfield, is suffering from serious internal injuries, his face is battered beyond recognition, and the loss of an eye is possible. His heroism is highly commended, and universal sympathy is expressed for the unfortunate result of his well meant efforts.

Mrs. Montgomery is the wife of a well known farmer living near this city, and both she and her little son escaped without injury. The horse she was driving had been used by the family for the past twenty years and was supposed to be perfectly safe.

## LAWYERS FORBID HER TO WED A COUSIN.

Miss Alice M. Cary of Elgin Swallows Carbolic Acid After George Smalles Gets Useless License to Marry.

The statutes of Illinois caused Miss Alice M. Cary to commit suicide at her residence in Elgin. She swallowed four ounces of carbolic acid.

Two weeks ago George Smalles, a first cousin of the dead girl, procured a marriage license. The two tried to be married, but found they were barred by laws of the state which forbid first cousins from marrying. Smalles suddenly came back to Chicago, where he is employed in a railroad office.

His cousin waited two weeks for his return, then committed suicide.

The umbrella was presented to Miss Lonergan by H. E. Cobb, chief draftsman, with a few well chosen and appropriate words. Miss Lonergan's resignation was effective yesterday and she left last night for Jacksonville.—Springfield Register.

## HOG CHOLERA SPREADING.

Biological Laboratory Still Taxed to Furnish Sufficient Serum.

Ravages of hog cholera, which for a time in Illinois were confined mainly to a belt across the state in the central part, are extending further southward.

Reports which reach the office of the state livestock commission indicate the conditions over the state are no better. The state biological laboratory still is taxed in its manufacture of cholera serum, and many orders from farmers are yet unfilled. It is said in some of the sections where the cholera epidemic has raged in worst form, the disease is disappearing. In most of the afflicted districts, however, the disease is disappearing only with the destruction of entire droves of hogs.

## AVOID HARSH DRUGS.

Many Cathartics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful, and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called Rexall Orderlies. These are prompt, soothing, and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless, and colorless. Combined with other well-known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not gripe, purge, nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons, and aged people, as well as for the most hearty person.

They come in three size packages. 12 tablets, 10 cents; 36 tablets, 25 cents; 50 tablets, 35 cents. Remember, you can obtain them only at our store—The Rexall Store, Lee P. Alcott, east side square.

Grain Letter.

Chicago, Ill. Nov. 6.—Wheat—

Wheat continues generalized and

each rally meets renewed liquidation

of December and more or less

May selling. Easier cables and big

northwestern receipts had a

depressing influence. Liberal world's

shipments were also against the

market. Traders expecting a reaction

were entirely good buyers and

firmed the market a little, but were

met by swamping sales. Various

rumors in regard to federal investigation

of something, we do not know

what, still exert a demoralizing

influence. The heavy selling of the

past ten days admits of no explanation

except that the big bull leaders

have grown tired and have been getting

out best possible. Current new

developments generally are being

ignored. The market has been so

severely hammered and the bulls so

dismayed that it will take something
